

## THE HUMAN AND THE CHIMP

'Good luck' is something I try not to say to the students too often, not because I don't want to wish them well, that could not be further from the truth; I want the students to know that their success and good fortune is deserved as a result of the hard work they put in each day, not by chance. Taking small significant steps in the right direction rather than focusing on the end goals and acknowledging and celebrating small wins keeps us motivated to continue. Our Year 10s, 11s and Sixth Formers are faced with their exams - it can be daunting and overwhelming, yet considering the small actions we need to achieve in a day or even just a few hours helps remove fear and stress. I wish them, and all our students happiness, a positive and calm mind, determination and courage, rather than luck.

"I'm a great believer in luck, the harder I work the more I have of it." - Thomas Jefferson
