

## A PURE AND KIND HEART IS ALL WE NEED

The world has once again been shaken by a terrible tragedy. The incident in New Zealand last Friday brings feelings of shock, horror and disgust. In the face of such a tragedy, I have been most impressed by the actions of New Zealand's Prime Minister. Within 72 hours of the attack, she had promised that the nation would cover the costs of the 51 funerals, look after the families expenses and ban assault rifles. She also mourned at a vigil in a hijab and comforted the families of those who had lost loved ones. She showed the strength and conviction of a true leader doing the right thing, just because. We don't have to be in positions of power to motivate, empower and inspire people, in fact a pure and kind heart is often, all we need.

## TRIP TO NELSON MANDELA EXHIBITION

Arriving in Central London via the tube, we were directed to a small colourful corner of the city, passing the NHS Education Centre and the London Eye, to the Mandela Exhibition. As we entered the building, we were welcomed by warm and friendly, smiling staff, before being directed to a room to watch a summary video about Nelson Mandela and our upcoming tour. The tour started when we stepped into a specially designed African hut which contained facts about Nelson Mandela's life. Throughout the exhibition we learnt many facts such as the struggle for those people not classed as white, and the sacrifices they had to make to even voice an opinion. Part of the exhibition dedicated to Mandela when he was in prison, particularly stood out - it included his letters that had to be censored where they divulged too much information or were too long, and the mat he slept on, along with other equipment that really brought the room, and the image of an actual prison, to life. With so many amazing visuals and facts, we really did have a great, but humbling time. As we walked our way back to the station, we all had one thing in common...we had more to learn and lots to remember!

## YEAR 12 GEOGRAPHY FIELDTRIPS

As part of our 'AS' Level Geography, we participated in two very contrasting fieldwork tasks. On Tuesday 5th March, we went to Stratford to look at the impacts of development and the Olympic Legacy on the area. The sun shone brightly and we were able to collect results to use in our skills paper. Friday 15th March, we went to Walton-on-the-Naze to study a coastal landscape. The weather was not so good to us on this day – Storm Gareth had just finished, but we got the tail end of the heavy rain and high winds. Creating beach profiles with our ranging poles, tape measures, gun clinometers and compasses (making sure we went up the beach in a straight line) was a real test of our abilities not to give up. The rain destroyed some of our results, but not our spirit. After a warming cup of tea in the café (and shed loads of chocolate) we made our way back to the minibus just as the tide came in and the rain fell even harder! Thank you to Mrs Foley for organising the trips, and to Sylvie, Dylan and the 'AS' Geographers.

## AMAZING FLUTE RECITAL!

Lily Rachel in Year 13 performed a 45 minute flute recital after school this week, in preparation for her forthcoming diploma - a grade even higher than grade 8! Lily showed great agility and composure to perform solo for such a long time. She has been a credit to the Music Department since she started at the school in Year 7. We wish her well in her exam and forthcoming studies post-EBS!

## DO YOU LIKE READING? WOULD YOU LIKE TO MEET AN AUTHOR?

If so, meet with Ms Somerville and Mrs Cobb in Room 327 every Tuesday lunchtime, starting Tuesday 26th March. Students from Years 7-10 are being invited. We will be reading the Carnegie shortlist of Young Adult books which have been specially selected and there will be an outing in June to meet an author and judge which book should be the winner of 'Book of the Year'. It's like the Oscars for Young Adult books and you can be part of it!

## DAVID DEIN INSPIRES YEAR 11 & 12 STUDENTS

On Monday 11th March, we welcomed David Dein to EBS, who spoke to Year 11 and 12 students about being successful and his career in football. David is the ex-Vice Chairman of Arsenal FC and the Football Association. He had the foresight to bring Arsene Wenger to Arsenal in 1996 and was the main architect in the creation of the Premier League in 1992. He has been at the forefront of many important changes in football including the introduction of Goal Line Technology and VAR. David spoke about the key elements of success being hard work, courage and vision. He encouraged students to be original and take pride in their work and explained that their attitude and behaviour were key attributes that would either make them a success or prevent them from reaching their potential. David lives his life by the motto of the turtle; "You won't get anywhere unless you stick your neck out". David then answered questions from the audience and covered topics from impressing at interview and how he motivates himself. It was an amazing experience for our students and I would like to thank the charity *Speakers for Schools* for giving us this opportunity.
